1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, and that the structure of the atom is determined by the laws of quantum mechanics.

1. The first of the three main parts of the book is the

introduction, which is written by the author.

2. The second part of the book is the main body of the

text, which is divided into three main sections.

3. The third part of the book is the conclusion, which

sums up the main points of the book.
